Completing the "Book Now" Student.com process and making payment with this property manager will secure your room and take it off the market until all paperwork is finalized directly with the property manager.

You will be asked to complete an application after the room is reserved for the property manager to run a standard background check. In the case your background check does not pass, you will be refunded all payments with the exception of the application fees ($20 USD) and any processing fees procured.

Keep in mind that you can chat directly with the property manager by selecting the icon below with any questions prior to booking your room on the bottom right corner of the property listing:

Property Manager
